

Customer Statement – Compliance with Regulation (EU) 2025/40 (PPWR)

We confirm that, as a manufacturer of sales packaging, transport packaging and grouped packaging, we comply with the currently applicable requirements of Regulation (EU) 2025/40 on packaging and packaging waste (PPWR) for the packaging we place on the market.

At present, our implementation focus is on the requirements set out in Article 5, Article 15 and Article 18 of the PPWR, as applicable to our packaging and related materials/components.

In addition, we have established internal planning to ensure that upcoming PPWR requirements (including future delegated/implementing acts and transitional timelines) are scheduled and implemented in due time.
